Section 1: Introduction

The Freedom of Information (Scotland) Act 2002 requires Scottish public authorities to produce and maintain a publication scheme. Authorities are under a legal obligation to:

- Publish the classes of information they make routinely available
- Tell the public how to access the information and what it might cost

Nethergate Medical Centre has adopted the Model Publication Scheme 2014 produced by the Scottish Information Commissioner. The scheme has the Commissioner's approval until 31 May 2018.

You can see the model publication scheme on the Commissioner's website at www.itspublicknowledge.info/mps or by contacting us at the address provided below.

The purpose of this Guide to Information is to:

- allow you to see what information is available (and what is not available) in relation to each class
- state what charges may be applied
- explain how you can find the information easily.
- provide contact details for enquiries and to get help with accessing the information
- explain how to request information we hold that has not been published.

Constitution

This GP practice is constituted under the National Health Services (Scotland) Act 1978 and is contracted by NHS Tayside to provide primary medical services under GMS.

Section 3: Our functions and services

NHS Boards contract with GP practices to provide primary care services to patients. Nethergate Medical Centre holds a General Medical Services contract with NHS Tayside. Under this contract we provide primary medical services to patients that reside within our practice area. If you live within our Practice area (Practice Manager can supply copy of this) then patients can register with the Practice. Reception staff follow a protocol for new patient registrations.

GP contractors Dr Sharon Coull, Dr Brett La Hay, Dr Jennifer Ruthven, Dr Dawn Dorward, Dr Simone Killick and Dr Anju Tharayil hold the contract for services with the NHS board and are responsible for fulfilling the obligations of the contract. The General Medical Services Regulations outline our responsibilities under our contract. The payment arrangements under our contract are contained in the GMS: Statement of Financial Entitlements (the current year's SFE can be found on the NHS Scotland website - www.show.scot.nhs.uk/publications/publication.asp)

This practice participates in the Quality and Outcomes Framework. Funding under the QOF is dependent on achievement against a variety of clinical and non-clinical indicators.

This practice aims to take account of NHS Quality and Improvement Scotland standards and guidance, Scottish Intercollegiate Guidelines Network (SIGN) guidelines relevant to general practice, and Scottish Government Health Directorates service strategies and frameworks.

Under our contract with NHS Tayside we provide a range of services to our patients, including: General primary medical services, child health surveillance, contraceptive services, maternity medical services, minor surgery services, obstetric services, immunisation services, palliative care enhanced service, extended hours services. Our Practice nurses also runs diabetic clinic, heart disease monitoring, asthma, COPD, health promotion, cervical cytology. It is important to note that this range of services may be subject to change and may not always be available.

The staff at this Practice record information about you and your health so that you can receive the right care and treatment. We need to record this information together with the details of the care you receive, because it may be needed if we see you again. There maybe circumstances in which your personal medical record or parts of it maybe disclosed to other people, apart from your GP and practice staff. Usually, your notes would be disclosed in an anonymised form. However, there are times when the record cannot be anonymised either

Nethergate Medical Centre

because it would be impractical to do so or because the nature of the request is such that it is necessary for your name to be disclosed. Patients should be re-assured that any disclosure of patient information is conducted within the rules of the Data Protection Act and records will only be disclosed when the following conditions are met:

1. The purpose of the request is to improve, manage or promote the provision of healthcare. Examples of this maybe where the relevant Health Board wishes to ensure that the GP practice is meeting its obligation to provide certain levels of care to patients or a particular group of patients under the terms of their contract. Where a new treatment is available and where the Health Board wishes to inform patients who would benefit from it, the practice would provide name and contact information.
2. Any other valid exemption under the Data Protection Act applies.
3. Disclosure will only be made in response to appropriate request made by the relevant Health Board or people acting on their behalf, provided those people are themselves bound legally to keep the information they receive confidential.
4. We are involved in research studies for which we provide anonymised information from patients notes. You cannot be indentified in anyway from this information as none of your personal details are given to researchers. They are also not given information on the GP nor practice name, address or postcode.

Medical students and nursing students attend the practice from time to time. We hope that you will co-operate with us and help the students to learn about general practice. However, you will be informed of their presence in advance and if you do not want them to be present at a consultation your wishes will be respected. This will not affect your treatment in anyway.

If you require the services of an interpreter please let us know. Our GP Partner Dr Anju Tharayil can speak Malayalam, Hindi and can understand Tamil.

To find information on how patients can access our services please visit our website at www.nethergatemedical.centre.co.uk or ask our receptionist for our Practice Leaflet.

Section 4: How we take decisions and what we have decided

Our decision making process

Clinical decisions are made by all the GP partners in the Practice. Managerial decisions and business decisions are formed by the Practice Manager and decision making discussed with all GP Partners. The GPs and Practice Manager meet monthly to discuss business and clinical issues within the Practice. The GPs also meet with our community staff weekly to discuss clinical decisions regarding the patients they manage. The Senior Practice Nurse also meets with Practice Manager frequently and will then discuss any issues with the Practice Nurse team.

Under our contract of services with the NHS Tayside we are obligated to meet the requirements of this contract and must provide information to support this to the NHS board. The practice is audited by Practitioners Services Division under Payment Verification processes which assess that payments made to practices are correct. PSD is responsible for providing assurance to NHS boards that the payments made on their behalf to GP practices are accurate and valid. The work conducted under Payment Verification includes patient registration checks, documentary checks, trend analysis, and practice visits.

You should note, however, that there may be circumstances where information will be withheld from one of the classes of information listed in *Section 14 – Classes of Information*. Information will only be withheld where permitted by The Freedom of Information (Scotland) Act 2002 (FOISA).

Information may be withheld, for example, where its disclosure would breach the law of confidentiality or harm an organisation's commercial interests. Information may also be withheld if it is another person's personal information, and its release would breach data protection legislation.

Information would not be disclosed in the following examples:

Information provided in the publication scheme is considered reasonably obtainable.

Whenever information is withheld we will inform you of this, and will set out why it was not appropriate for that information to be disclosed. Even where information is withheld it may, in many cases, be possible to provide copies with the withheld information edited out.

General information requests

- In the event that we decide to impose a charge we will issue you with notification of the charge (a fees notice) and how it has been calculated. You will have three months from the date of issue of the fees notice in which to decide whether to pay the charge. The information will be provided to you on payment of the charge. If you decide not to proceed with the request there will be no charge to you.
